The Way I See It

I think it came with little surprise that on November 1, 2024, the Circuit Court of Cole County ruled in favor of MoDOT in their suit against the Office of Administration on the heels of the Missouri Supreme Court ruling in favor of the Missouri Department of Conservation (MDC) in a similar matter regarding their constitutional authority to spend funds. The timing of the decision could have a major impact on the 2024 legislative session as elected officials prepare to pre-file bills on December 1. Representative Don Mayhew has already stated that he plans to file legislation to revise the Missouri Highways and Transportation Commission’s (MHTC) authority over the road fund. With 2024 being an election year and with several lawmakers seeking statewide offices, the rhetoric and pandering will sure make the 2024 session interesting to say the least.

Some other legislation and developments we will be tracking this session include liability limit legislation which would provide liability caps to contractors working as agents of public entities, legislation that requires MoDOT to publish the engineer’s estimate after the project is let and additional funding from General Revenue (GR) for low volume roads. As always, MAPA along with our lobby team at Husch Blackwell stand ready to protect the interests of our members, but we can’t do it alone and as in years past we will need your help to defeat negative legislation and help promote additional funding and legislation that is favorable to our members. So, get involved and make plans to attend the MAPA lobby day this spring, date still pending, and join any calls to action. As I have stated in the past, our grass roots efforts have made a difference.

Join Us at the 34th Annual MAPA Conference

MAPA is excited to host its upcoming annual conference January 8-10, 2024, at the Holiday Inn Executive Center in Columbia, MO. Christian Okoye, former All-Pro running back for the Kansas City Chiefs is the keynote speaker. You will also hear from thought provoking speakers that cover relevant industry topics, have an opportunity to visit exhibitors, enjoy the awards ceremony, and network with hundreds of individuals from the asphalt industry.

Registration is currently open! To learn more about the conference and register online, visit www.moasphalt.org/events.

Want to have a free resource for asphalt industry information? Well, meet Hey NAPA! Hey NAPA is an AI assistant trained on decades of asphalt pavement industry publications that can answer questions about all things asphalt!

Hey NAPA was introduced at its Midyear Meeting in Kansas City, MO., in an AI-focused session and is based on XBE's 'Hey

Kayla's service. The partnership between NAPA and XBE allows Hey NAPA to provide its members with crucial information, delivering better and faster answers than alternative methods.

Try it out at HeyNAPA.com!

Women of Asphalt Plant Tour Hosted by Capital was Huge Success

From the Quarry to the Road.....the Women of Asphalt Plant Tour Hosted by Capital: Materials, Paving & Construction provided new insights on how the entire asphalt production operation happens.

Over 50 people attended the plant tour that started with a luncheon and overview from the Women of Asphalt-Missouri Branch and Capital. Attendees grabbed their safety vests and hard hats and hopped on a bus that took them on a Capital quarry and asphalt plant tour. The group had an opportunity to go down to the pit of the quarry, observe plant operations, view stockpiles, and learn more about quality control.

The group concluded with a happy hour allowing more networking and discussion on the events of the tour. A special thanks to Capital for hosting the event.

MAPA-Research and Education Scholarship Opportunity Coming Soon

For many years, MAPA members have shown their commitment to assisting students finance their educational expenses while attaining a degree related to the asphalt industry. MAPA is proud to administer the Research and Education Fund (REF) Scholarship Program, which is available to Missouri students at the University and Tech School level.

Scholarships are available for students enrolled in engineering, construction, surveying, heavy equipment operations, or related field that supports infrastructure. The award criteria are based on the student's character, integrity, leadership, scholastic ability, and potential contribution to the infrastructure field.

Applications are submitted January 1 – April 1 each year and are judged by the MAPA-REF Board of Directors.

MAPA is grateful to its members for their continued generosity to the REF Scholarship Program. If you are interested in supporting this valuable program, there is still time to sign up as a Casino Night Sponsor at the Annual Conference and purchase raffle tickets for a chance to win \$5,000 in January (don't have to be present to win).

Please visit www.moasphalt.org/events to learn more.

Watch for more scholarship application details at www.moasphalt.org/about-us/mapa-scholarship
